

Bodyguards® Sensitive Blue Nitrile GL898

A thin and supple nitrile disposable glove for enhanced sensitivity

Bodyguards® Sensitive Blue Nitrile GL898 from Polyco is a powder free non-sterile nitrile examination glove that has an AQL rating of 1.5 and is compliant to Medical Standard EN455 Class I.

This disposable has been specifically designed to be thin and supple to enhance dexterity and sensitivity. The high quality nitrile synthetic rubber that is used to manufacture the GL898 contains none of the proteins that are present in natural rubber eliminating protein sensitisation and is powder free reducing the risk of product contamination. With textured fingertips for improved grip, it is extremely soft and pliable yet still maintains a tensile strength that is comparable to natural rubber. The cuff is beaded, enhancing the strength and preventing liquid roll back.

Case Quantity
150 gloves per dispenser
10 dispensers per case
