ANTI-FOG CLOTH

MODELE	PRODUCTS REF.	DESCRIPTION	DIMENSIONS IN CM	WEIGHT IN GR
Anti-fog cloth B-CLEAN	FK12	Display box of 12 anti-fog cloths B-CLEAN	H: 5.5 x L: 15.5 x l: 10.2	258g

INSTRUCTIONS

- 1 - Wash the lenses clean before application to prevent scratching
- 2 - Using the anti-fog/ anti-reflective cleaning cloth, rub on both sides of the lenses for about 5-10 cycles, or breathe directly onto the lens surface and wipe with the anti-fog tissue until the lens is dry and clean. (easier and faster)
- 3 - Generally, it stays fog free for 72 hours if humidity is around 60°C, otherwise, not less than a minimum of 24 hours.
- 4 - Please make sure you use the cloth on clean lenses. Suggestion, use our pre-moistened tissues to clean the lenses before application.
- 5 - Each cloth can be used for about 60 applications (depending on the size of the lenses)
- 6 - The cloth is non-washable
