

# 3041

HexArmor® sets the industry standard for needle protection with innovative solutions for a variety of applications. Hercules® NSR utilizes high performance SuperFabric® brand material technology engineered to provide the highest levels of needle and cut protection available on the market. The glove offers full coverage over the entire hand for the most harsh applications and was tested using actual 25 gauge needles.

The Hercules® 3041 glove has a full coverage design and pre-curved shape. Specialized silicone gripping surface on palm and the highest levels of needle and cut protection available on the market.
