## Hi-vis rain jacket

Windproof and watertight, these are the absolute strengths of our Preston hi-vis rain jacket. On the outside it has a water-repellent fabric, on the inside a moisture-absorbing and highly breathable coating. Extra ventilation is provided under the arms. The jacket is supple and comfortable to wear, thanks to the elastic cord in waist and hem, and will last long due to its high tear resistance. Inside there is one regular pocket and one phone pocket, and there are various liners and fleeces that can be zipped into it.
