

MANUAL

WELDAS PRODUCTS:
23-7701, 23-7702, 23-7711, 23-7733

Clothing type: Winter helmet liner

Trade mark: 

Size: one size fits all

Warranty:

This product is warranted against manufacturing defects. Because applications vary, it is the user's responsibility to identify the right product for each application.

Drying and ironing:

Mechanical drying and ironing is possible but below 60°C.

Storage:

Store dry and at temperatures over 5° Celcius. Do not stack higher than 5 cartons on 1 pallet

Washing:

The flame retardant characteristics of the product will be valid for 1 washing at 40° C. No bleach or acid should be used, just standard washing detergents. A dimensional change can occur after washing. After cleaning, the clothing should be inspected.

Materials used:

23-7701: twill outer layer without lining.
23-7702: stretch quilted outer layer with fleecy cotton lining.
23-7711: twill outer layer with sheep thermal lining.
23-7733: twill outer layer with fleecy cotton lining.

MAX. 1 X

Instruction for use:

This work clothing to be used for minimal risk situations below 50°C.

Caution:

This product is a category I product according to the Regulation (EU) 2016/425. Category I includes exclusively the following minimal risks:

- (a) superficial mechanical injury;
- (b) Contact with cleaning materials of weak action or prolonged contact with water;
- (c) Contact with hot surfaces not exceeding 50°C;
- (d) Damage to the eyes due to exposure to sunlight (other than during observation of the sun);
- (e) Atmospheric conditions that are not of an extreme nature.
