

TROUSER SIZING SYSTEM

ALL TROUSERS HAVE ADJUSTABLE LEG LENGTH +5CM

Ensuring a perfect fit for the Helly Hansen Workwear trousers is more than just for comfort, it's for safety. If trousers are fitted correctly, you minimize the risk of getting caught on something while on site and maximize the life of the products with strategically placed reinforcement fabrics. Additionally, the product will feel more comfortable, as it will enable optimal movement.

Depending on your height, many of our styles include an 'extendable leg' feature that allows you to add an additional 5cm to the bottom hem.

How to extend the bottom hem of your HH Workwear trousers:

1
If your product has the extendable leg feature, you will find 3 threads on the bottom hem, 2 close together at the nearest bottom, 1 thread above the 2 that holds the additional material. These can either be in a contrast color or in a tonal color.

2
From the inside of the trouser, rip the top thread carefully, as to not tear the garment

3
Remove the thread completely and pull the hem to reveal the additional material

SIZING: EU TO IMPERIAL

REGULAR LEG

C44	30W	31L	XS
