

NLG Large D Ring Tool Tether

Product Code:
101362

Max Load:
3 KG / 6.6 LBS

OVERVIEW

The Large D Ring Tool Tether is an easy-to-use tether point designed with large hand tools in mind. As part of our Instant Tether System™ when paired with Tether Tape™ it is easily fitted to tools to create a secure tether point to attach a tool lanyard.

Third-party
tested and certified

Independent laboratory load testing certificates and Declarations of Conformity are available on request. Please contact team@neverletgo.com.

DESCRIPTION

NLG D Ring Tool Tethers form part of NLG's unique Instant Tether System™ for stopping dropped objects and are well established as the preferred option for workers at height. They can be retrofitted to almost any tool avoiding the unnecessary expense of buying new tools or the associated downtime of sending tools off-site to be adapted for tethering. When used with Tether Tape™, the NLG D Ring Tether Points provide a solution to a multitude of tools commonly used at work – pliers, scaffold spanners, nips, chisels, knives etc – in fact, almost any hand tool up to a maximum weight limit of 1kg if using the Small D Ring Tool Tether, or up to 3kg when using the Large D Ring Tool Tether. As an integral part of a tool kit, the NLG D-Ring Tether and Tether Tape™ provide a versatile and quick solution to keep tools safe when working at height and means that no worker will have to waste time again on site through a lack of correctly tethered tools.

FEATURES

High strength welded D Ring and durable wear-resistant webbing
 Extra deep catch design for ultimate security
 Faster visual inspections with contrast stitching
 Designed to be paired with Tether Tape™ as part of the NLG Instant Tether System™

INSPECTION

In addition to routine checks before each use, all equipment should undergo regular detailed inspections, conducted and recorded by a competent person using the NLG Inspection Checklist. If any part is worn or shows signs of degradation, immediately retire from service. In the event of a drop, quarantine the equipment for a thorough inspection.
