

NLG TriLock™ Velcro Anchor

Product Code:
101454

Max Load:
10 KG / 22 LBS

OVERVIEW

The TriLock™ Velcro Anchor has been designed to quickly create a secure anchor point on rails or alternatively a secure tether point on heavier tools. The clever triple Velcro layering allows for an extremely secure fit whilst being easy to attach and remove.

NLG ID™ Serialised and safe

Simply scan the NLG ID tag with your phone to instantly access certificates, instruction videos and log inspections. (See Specification if included).

Third-party tested and certified

Independent laboratory load testing certificates and Declarations of Conformity are available on request. Please contact team@neverletgo.com.

DESCRIPTION

The TriLock™ Velcro Anchor provides a very robust anchor point on tools, rails – in fact on almost any item. The TriLock™ mechanism is easy to attach and remove but extremely strong.
 Built for extended and hard use the TriLock™ Velcro Anchor utilises high-strength webbing and a welded D ring. For added safety, it features contrast stitching which allows for quicker visual inspections.
 The versatility of the TriLock™ Velcro Anchor means that it can also be used to create a tether point on power tools and large-shaped tools such as flogging spanners and wrenches.

FEATURES

TriLock™ Velcro delivers secure tensile strength with triple Velcro layering
 Quickly creates a heavy-duty anchor point on rails and scaffolding
 Super strong welded D Ring
 Extended product life with high strength, wear-resistant webbing
 Faster visual inspections with contrast stitching
 Can also be used to tether hand tools and power tools

INSPECTION

In addition to routine checks before each use, all equipment should undergo regular detailed inspections, conducted and recorded by a competent person using the NLG Inspection Checklist. If any part is worn or shows signs of degradation, immediately retire from service. In the event of a drop, quarantine the equipment for a thorough inspection.
